The screenshot displays the Parashara's Light 7.0.4 software interface. The main window shows a birth chart for Prashna, May 18, 2017, 09:38:20, Phoenix, Arizona, USA. The interface is divided into several sections:

- Birth Chart:** A large window showing planetary positions and a list of special charts and Vargas.
- shottari:** A table listing planetary periods (dashas) with columns for planet, day, and date.
- D9 Navamsha (spouse):** A smaller chart showing planetary positions in the Navamsha house.
- D16 Iyer (conveyances):** Another smaller chart showing planetary positions in the Iyer house.
- Yogi & Dagdha:** A section detailing various yogis and dagdhas with their corresponding planetary influences.
- Tables:** A table listing planetary positions for various planets (As, Su, Mo, Ma, Me, Ju, Sa, Ra, Ke, Ve, Ne, Ee, Pi) across different houses and signs.
- Krishnamurti chart KP significators:** A table showing planetary positions and significators for the Krishnamurti chart.
